ZENIT GROUP

Zenit's history began more than 60 years ago. Today, it has grown into a company with strong international presence, supported by hundreds of loyal employees, partners and associates all over the world.

Our core business is the design, manufacture and distribution of electric submersible pumps for residential and industrial use.

Through constant acquisition of new technological know-how and skills our product range is constantly being improved, refined and broadened. We offer a wide range of lifting stations, aeration, mixing products, control and monitoring devices. We are capable of taking on the most demanding challenges.

Maximizing human resources for innovation, design and technology.

We strive to partner with you in your search for water treatment solutions and related services. With our extensive experience and cutting edge technology, we believe we are the ideal partner in this journey towards achieving the most suitable and competitive water solution. Indeed, our motto 'water solution' defines what we do.

Our technological know-how in water treatment processes has constantly improved with time because we are adaptable and capable of further growth and transformation. Innovation is the backbone of our business.

Through sustainable production processes and company strategies, we offer reliable products to simplify and improve the work of the final user, maximizing human resources for innovation, design and technology.

Electrical submersible pumps
A wide range of highly efficient motors, hydraulics optimised for the duty point and innovative materials for a vast variety of uses.

Lifting stations
An effective solution for collecting and pumping wastewater to the sewer system, when a gravity feed is not available.

Aeration and Mixing systems
Vast range of disc-shaped and tubular air diffusers, submerged aerators, mixers and flow-makers with self-cleaning propellers.

Accessories
Hydraulic and electrical accessories to cover all your plant’s installation and operating needs.
