

better together

better
together.

better together

We design, manufacture
and distribute **submersible pumps,**
wastewater disposal
and handling systems
for residential and industrial use.

We aim to excel in providing
high-quality products,
designed to be robust,
efficient and easy-maintenance.

We want to **better know** our
customers, **better understand**
their needs, deliver **better answers.**

We know that
We are better together.

better together.

A black and white photograph of three construction workers wearing hard hats and safety glasses, gathered around a table and looking at a large set of blueprints. The worker on the left is pointing at a section of the plans. The worker in the middle is smiling and looking towards the camera. The worker on the right is looking down at the plans. The background shows a construction site with various equipment and materials.

Committed to offering to **you**
an unrivaled customer experience.

Better together embodies
the way we do business.

Working together, putting **you**
at the centre of our strategy.

It really makes the difference.

& mixing

Lifting
stations

Hydraulic &
electrical accessories

INTEGRATED AND RELIABLE SOLUTIONS FOR WASTEWATER TREATMENT.

PRE- AND POST-SALES SERVICE TO ASSIST YOU IN EVERY PHASE OF THE PROJECT.

a flowing story

Our Group's history began in the late '50s in a small workshop in Modena, Italy.

During the decades we have grown as a company with a strong international presence, and we have constantly improved through the acquisition of technological knowhow and new skills.

Today we manage our customers' needs directly, thanks to our **full territorial coverage**.
